An integrated approach...

At Dods Group, we provide an integrated approach. Offering a wide range of events, publications, training courses and business intelligence solutions that helps your organisation – solve complex problems, mitigate major risks and secure competitive advantage across the political and public sector markets.

Business Intelligence

Dods Business Intelligence team produces leading research, news and insights to help clients understand the ever-changing political and public sector landscape.

Media

Tailored research and reports can provide rich content for our media publications, helping to deliver clients' key messages to a broad and engaged audience of readers from across the political and public affairs sectors.

Training

And from policy development to communication and leadership skills, Dods Training specialists develop bespoke training courses to help clients maximise their investment and achieve their goals.

Events

Dods Events can take the same research to develop engaging parliamentary events in Westminster, Holyrood or Brussels, offering clients the opportunity for face-to-face opportunities to engage with key policy makers and Senior Civil Servants. It can also become the key part of the content agenda at a larger scale annual conference or summit.
