Thought Leadership

Kellen established thought leadership in the European association environment in many ways: Leaders of Kellen are active in the European Society of Association Executives (ESAE). Alfons Westgeest and Maria Teresa Scardigli served as Board members. Alfons was also Board member of the American Society of Association Executives (ASAE). Nele Devolder is a board member of SEAP, the Society of European Affairs Professionals. Kellen has demonstrated leadership in Brussels through educational activities such as its annual EuroConference (2000 –2016) as a platform for association executives and companies to learn and share best practices on association management. Kellen shared its knowledge through three books published by Palgrave on association representation and advocacy (2000 –2003), executive lunches and workshops. The Report on Strategic Planning for Associations (2014) is a reference work. Social Media Reports 2013, 2014, 2015, 2016 (Europe, US, China) illustrate our forward thinking on important factors for associations regarding social media, based on a wide field research project.
