About Hume Brophy

Firm Description
Founded in 2005, Hume Brophy is a young and dynamic firm, with a focus on delivering our clients' goals. We have grown from two founders to over 120 consultants around the world, and our objective is to continue to grow while retaining our entrepreneurial and flexible culture. Across our global network we take a borderless and integrated approach – it's what has defined Hume Brophy from day one.

Our focus continues to be on the delivery of international government relations, public relations and investor relations support to firms and organisations in highly regulated sectors. It's our experience, expertise and network of contacts that have given us the reputation for getting things done.

Ownership Structure
Independent, management owned.

International Structure
Hume Brophy has offices in Brussels, Dublin, London, Paris, Frankfurt, Singapore, Hong Kong and New York and an established network of agency partnerships across Europe and Asia.

Key Strengths
Our strength lies in our independence, our people and our commitment to going the extra mile for our clients.

We know our way around EU affairs. And we have deep expertise in highly regulated sectors including financial services, agri-food, energy, environment and transport, as well as in the growing field of international trade.

In addition, our multilingual and multicultural Brussels team is bolstered by a panel of senior advisers comprising former European Commission officials, MEPs, trade negotiators, government ministers, journalists and industry sector experts.

It's important to us to develop strong working relationships with our clients, built on a track record of trust, integrity and results, which explains why so many stay with us for so long.

Key Clients
Airlines 4 America, Bayer, BDO, Citadel, CMC (Commodity Markets Council), CME (Chicago Mercantile Exchange), EEA (European Express Association), ETRC (The European Travel Retail Confederation), Meat & Livestock Australia, PepsiCo, Tetra Pak, World Rugby, Zurich Insurance.
