About Nove

Firm Description

NOVE is an advisory agency in public affairs and communication. We guide businesses in their interactions with the European institutions and relevant stakeholders. Our story is one of entrepreneurship and trust. We know our success depends on the quality of our services, our creativity, and our commitment to our clients. This conviction – that each client is unique – shapes our strategies and is the cornerstone of our work.

We are a dynamic, independent team, with strong credentials and solid policy expertise. With experienced, well-connected public affairs practitioners and young talents, we bring together a distinctive set of skills to accompany our clients in their engagement strategies.

Ownership Structure

Partnership.

International Structure

We have built relationships with a series of like-minded, recognised, independent public affairs and communications agencies in key geographies, from the biggest European markets to the countries holding the rotating Presidencies of the Council of the EU.

Key Strengths

As a fast-growing company, we work differently to most agencies in the EU bubble: our 'start-up mindset' and creative thinking on EU engagement is one of our key strengths. Our senior experts work hand-in-hand with our consultants to deliver outstanding results. In servicing our clients, we combine strategic advice with first-class execution, top-level experience with pragmatic expertise.

Key Clients

Our clients are listed in the EU Transparency Register. Register number: 522122412613-18.

Testimonials and why clients like to work with us

Almost all clients who joined us upon our launch are still working with us. Since then, many companies and industry associations have entrusted us with directing their positioning in the Brussels bubble. We aim at integrating ourselves early on and as much as possible, and always offer tailored rather than 'recycled' services. We dedicate time to creating a direct, trusted relationship with our clients, allowing us to act as a sounding board and define the best path forward.
