About BOLDT

Firm Description

Companies and organisations are faced with an increasingly complex and fragmented EU regulatory landscape. Public debates on important societal challenges, as well as rapidly evolving technological advances, put pressure on decision-makers to introduce new rules or adapt or abolish existing ones. In the era of fake news, hard facts and scientific evidence can no longer be relied on to guarantee a positive outcome.

Whether shaping legislation, navigating crises, changing business models or delivering sustainable growth with purpose, our strategic counsel makes the difference. We help companies and organisations navigate the nexus between politics and populism at every level – Member States, EU and EFTA, and at numerous international organisations. We address business strategy and communications together – and we believe the right combination will deliver transformational change.

Our services range from public affairs, public policy and political risk analysis, to CEO positioning, brand and reputation, organisational culture and engagement, issues management and crisis communications.
