About Grayling

Firm Description

Grayling Brussels is an integrated corporate affairs, communications and EU public affairs consultancy. We advise organisations on how to navigate the EU, we counsel our clients on becoming credible thought leaders, and identify with them solutions to policy and legislative challenges. We offer bespoke services, including political intelligence and monitoring, advocacy and strategic advice, perception surveys, public relations and social/digital media campaigns, trade association and events management. Our offer is structured around eight expert vertical policy poles, ensuring the depth of our expertise, namely chemicals, energy, environment, food, healthcare, ICT, transport and trade, as well as two horizontal services, namely corporate communications and trade association management.

Ownership Structure

Grayling SA is established in Belgium and is part of Accordience, an international Communications group.

International Structure

Grayling Brussels is the hub for the largest PA-owned network across Europe, with our 28 Europe-based offices. We also regularly link up with our global PA network located in Washington D.C, Asia, and Middle East & Africa.

Key Strengths

First, it's our people who provide the policy but also the service expertise combined with tried and tested methodologies. We believe that every client is different. Our advocacy methodology dictates that every campaign should have its own tailor-made strategy and implementing actions. In addition to our traditional public affairs services, we provide: training for C-level executives in both public affairs and media relations. We take them through the ins and outs of PA and PR and provide tips to efficiently run a series of meetings with EU decision-makers or take part in a media interview. Multi-market hub: we serve as the hub for multimarket accounts with our teams combining

international thinking with local market understanding. And finally, our Communications Team supports our clients in developing impactful, creative and value-added services.
