About ZN Consulting

Firm Description

ZN, the leading digital agency in the EU, helps global companies, European associations, NGOs, political organisations and leading communicators to stay #OneStepAhead with ground-breaking digital campaigns. For over 25 years, we have been at the forefront of the EU digital landscape, on using digital tools for communication and shifting perception.

Ownership Structure

We are a privately owned agency. Client satisfaction means everything to us as we have only our clients to answer to. Our profits are used to strengthen our business, enhance the lives of our employees and advance our cause: helping the world on its digital journey by taking organisations into the digital world. We have been shaping a story of digital transformation since 1998.

International Structure

ZN is a #RemoteFirst organisation. We give our team the flexibility to #WorkFromAnywhere for a balanced life.

When we meet in person, we do not to sit in front of a screen but we do things that matter. We brainstorm, we meet with clients for strategic powwows, and we bring all team members together for ZEN sessions to create and to EAT. Always #OneStepAhead
